Dear Tracy & Cheng -

As you know we seem to be going so fast at our end that I honestly don't recall if I personally wished you both happy new years. Happy New Years to you both and I wish you the best this year. 2010 promises to be another exiting year for Intellihot and I am sure it is the same for the Law offices of TPJ.

I want to specially recognize Cheng for his efforts this past year in spearheading the efforts for patent analysis and communication with our China partner (CNE). Cheng demonstrates a high degree of engagement, brings clarity, and enthusiasm to the process. Needless to say he has helped us keep our velocity high. Thanks and I wish you both the best.

Best Regards,
